

PKF Australian network recognised for Client Service

6 February 2015

The PKF Australian network has been recognised for outstanding client service by being announced a Financial Review Client Choice Awards 2015 Finalist in the category of *Best Accounting Firm (revenue \$50m to \$500m)*.

The annual Awards are conducted independently by Beaton Research + Consulting, a benchmarking, customised research and evidence-based consulting house that provides professional, financial and member services around the world. These awards are based on the largest survey of professional services clients in the world with over 35,000 responses from clients in Australia and New Zealand across a number of sectors.

Norm Draper, Chairman of PKF Australia, said, "We are thrilled to have been recognised in this way especially as it is based solely on feedback from our clients. It serves as a reminder that we must continue to maintain focus on the needs and aspirations of our clients and their growing businesses.

This builds on the PKF network's strong record over a number of years reflecting the strong and growing relationships nationally and in each of our local markets."

PKF Mack Partner Tony Maclean also welcomed the news, "Delivering great service and providing value to our clients has always been our focus and we have built our firm around those values. To be recognised by clients in this way feels particularly rewarding".

PKF Lawler Managing Director, Wayne Healy highlighted the focus on clients, "In Western Australia it's clear clients value providers who can build strong and enduring relationships that deliver beyond simple technical expertise".

The Award winners will be announced at a Gala Dinner on 10 March 2015.

About PKF Australia

PKF Australia firms are members of the PKF International Limited (PKFI) network of legally independent firms. With almost 300 member firms and correspondents across 440 locations in around 125 countries, PKFI is the 12th largest global accountancy network.

In Australia, PKF offers clients the expertise of more than 65 Partners and 555 staff, across audit, taxation and specialist advisory services.
